

Homeless Palliative Care Service

How the Complex Care Coordinator can support you

We support service users, key workers and health and social care staff when someone's health is deteriorating. This can be from liver disease, COPD, cancer or a combination of issues.

We want to reach people earlier in their illness and improve the quality of care for those with advanced ill health.

How our service can help:

- Information giving to make informed choice
- Support with Advance Care Planning
- Advocacy
- Case management
- Specialist end of life care

Support for staff and teams:

- Education and advice for key workers and health and social care staff
- How to identify clients of concern
- Palliative and end of life care and how it can help
- Advance Care Planning
- Bereavement support
