## Retail Facilities Coordinator/Driver

The Retail Facilities Coordinator role is primarily focused on the ongoing reactive, planned and statutory maintenance of the retail estate - ensuring all shops, the distribution centre, the retail support centre and our fleet of vans are all maintained to the required standard. The work is varied and will require both a hands on approach to completing basic maintenance tasks and the ability to organise and co-ordinate external tradesmen and contractors. In addition to working closely with the retail support team, you will also work with our Risk Management and Health and Safety team. On occasion you will also be required to perform some driving duties. This will require you to support the network of Shop Managers by collecting goods for delivery to customers, the removal and safe disposal of waste material and the transfer of goods between the retail outlets. Willingness to help and support shop managers is vital in this role, including moving heavy items.

You should ideally have previous experience in a facilities maintenance role or have trade experience. It is essential you have skills in building maintenance, repairs and decoration. You will also have previous experience of driving a variety of vehicles, including larger vans. Experience of collecting and delivering goods is desirable. Ideally, you will possess a good geographical knowledge of York and the surrounding area for the purposes of collecting goods from donors. You will have the ability to deal with changing priorities often at short notice.

This is a full time role working 37.5 hours per week (7.5 hours per day), and will involve weekend working on occasion.

There is a significant amount of lifting, moving and handling involved with this post. This role is physically demanding with only limited opportunities to take breaks other than designated lunch breaks.

This is a key role within the Hospice and vital to the continued success of the retail operation. Good driving skills, excellent manual handling techniques, stamina and a good sense of humour are paramount, together with the ability to use your initiative.

There is also a requirement to assist at fundraising events which will include a minimum of one weekend event in addition to the above shift patterns. Assistance at fundraising events includes transporting and setting up stalls, gazebos/tents, banners and any other equipment. A calm and logical approach; together with problem solving skills are required to resolve and address any customer service/dissatisfaction issues.

## BACKGROUND & INTRODUCTION

### Brief History

St Leonard's Hospice was founded in 1985 and is proud to celebrate over 30 years of serving the local community. The founders were four Royal College of Nursing members whose initial thoughts and commitment in 1978 led to the establishment of a Steering Committee and formal appeal. The original Day Hospice opened in February 1984 and the In Patient Unit was completed in September 1984 with the first patient admitted in February 1985.

Over the following years services developed, fundraising increased and the building expanded. In 2001 the superb new In Patient Unit, education facilities and office accommodation were added and the original building was completely refurbished.

Hospice@Home was established in 2010 to enable high quality Hospice care to be taken to the patient in their preferred place of care.

As well as the main site situated on Tadcaster Road, the Hospice has a number of retail outlets. The Retail Office is based in Acomb, along with two Hospice shops and a donation centre. Further Hospice shops are located in Fulford, Haxby, Tang Hall, Scarcroft, Layerthorpe, Colliergate and Fossgate all within the City of York. The Hospice also has shops in Selby (2 units) and Easingwold.

In December 2013, St Leonard's began a major capital refurbishment programme to ensure the in-patient unit, day care and family care areas were 'fit for purpose' for the future. This work was completed in December 2014 resulting in a very modern design and excellent comfort for both patients and visitors. A refurbishment project improving our changing facilities, washrooms and an extension to our staff dining room was completed in May 2019. The changing rooms are bright and modern, with lockers available for staff to store personal belongings. All the washroom facilities are high spec and available for staff use.

The staff dining room has three distinct areas; a section for dining, with family style dining tables and smart modern kitchen facilities, a bistro style area for coffee breaks and a catch up with colleagues, and a quiet, comfortable lounge area, where staff can enjoy a tranquil setting with views out onto our landscaped garden. There is also outside furniture if staff want a breath of fresh air. The dining room is equipped with all kitchen mod-cons, plus mobile phone chargers, a Bluetooth speaker, wifi access and a non-networked PC for break time internet browsing.

### Finance

It costs just over £5.8 million a year for the Hospice to continue to provide its services. Over 75% of this expenditure is people related. Whilst St Leonard's always strives to achieve a 'balanced budget', it is not always possible to achieve this.

Hospice finances and resources are managed carefully and prudently. Due to good public support and efficient housekeeping since the Hospice opened, we are in a position to hold reserves. This allows the Hospice to continue to provide services during the years it experiences a deficit.

Approximately 29% of expenditure is covered by grants from local Clinical Commissioning Groups. The majority of this funding comes from the Vale of York Clinical Commissioning Group. The balance of the money needed to run the Hospice is raised from voluntary incomes which includes: donations, fundraising activities, the weekly prize draw, Hospice shops and legacies.

Full copies of the accounts can be found on [www.stleonardshospice.org.uk](http://www.stleonardshospice.org.uk)

## LIVING IN YORK and NORTH YORKSHIRE

### The City of York

York is a beautiful Historic City, often known as the 'Railway Capital' or the 'Chocolate City' and boasts city walls of 2.5 miles in length. Many of the traditional industries have moved away making tourism the largest industry with over 6.9 million people visiting the City each year, spending a total of £564 million. During the past five years, the total number of visitors has gone up by nearly 500,000 and the amount spent in the local economy increased by more than £100 million.

The City has a unitary local authority, the City of York Council. It has joint responsibility with North Yorkshire County Council for the provision of the Police and Fire Services. The two councils together with many district councils are now working more closely together in a number of areas and especially with the health and social care agenda.

The 'City' has a population of 209,000, with 4.5 million people living with 1 hour of the City. It is compact and vibrant dominated by The Minister and other historic buildings and places of interest. York is very pedestrian and cyclist friendly. It has a busy shopping centre, many cultural activities, an active nightlife, good theatres & cinemas, leisure facilities, fitness clubs and golf courses plus a wealth of excellent restaurants. The Barbican Centre is the main entertainment venue for the City.

We are proud that York was voted the best place to live in Britain in the Sunday Times survey in 2018.

### North Yorkshire

North Yorkshire is a county of beauty and contrast. Together with York it is one of the safest places to live in the UK. North Yorkshire covers 3,000 square miles of mainly rural areas and has a population of 604,900.

North Yorkshire surrounds the City of York. To the West is the Spa Town of Harrogate, Skipton with its waterways and the Yorkshire Dales National Park. To the North is Richmond a historic market town, Stokesley, the county town of Northallerton and the North York Moors together with the steam railway. The dramatic coastline in the East includes Scarborough, Whitby and Filey, where holiday makers and fish are in abundance. Finally, to the wild Yorkshire Wolds, and to the South, the market and ex mining district of Selby.

Each town, district and area has its own distinct identity. There are hundreds of places of interest to visit, National Trust properties, theme parks, working museums and gardens. For TV lovers the settings for Heartbeat, The Royal, James Herriot and Emmerdale are all within the area.

### Location

York and North Yorkshire are very close to the main road/motorway networks of the M1, A1, and M62 together with A64, A19 and A59.

York Station is on the East Coast Mainline. London (Kings Cross) can be reached in 2 hours.

Leeds Bradford International is the nearest airport approximately 1 hour from York with excellent national and international connections.
