

The following information provides guidance on which people are likely to benefit from referral to St Leonard's Hospice's Wellbeing and Outreach team.

Our Wellbeing & Outreach team can support with practical issues, emotional support, finance and benefits, carer support, spiritual care, complementary therapy, anticipatory grief and pre-bereavement, Wills and Lasting Power of Attorney, and Advance Care Planning.

General criteria

- Adult aged 18 or over.
- Diagnosis of life-limiting condition (progressive incurable disease).
- Carer or loved one of someone with a life-limiting condition.
- Person being referred is registered with a GP practice in the Hospice catchment area.

Unsuitable referrals

Examples of people who are **not** suitable for Wellbeing and Outreach services:

- Children (under 18).
- People who require support with complex symptom management and are **not** under the care of the community palliative care team.
- People with complex mental health problems who are **not** also supported by mental health services.
